AUSTRIA IMPATIENT.
London, Oct. 16.—The Deutsch-
es Tages Zeitung, of Berlin, as
quoted in a dispatch from Am-
sterdam says Count Czernin Aus-
tro-Hungarian foreign minister,
recently requested the German
Chancellor, Dr. Michaelis, to state
Germany's peace terms, urging
that Germany make concessions
in the west. Count Czernin re-
ceived the vague reply where upon
he stated that he could no longer
negotiate with Dr. Michaelis, in-
as much as the Chancellor made
vague statements when clearness
and frankness were imperatively
necessary.

These statements of the Tages
Zeitung are not denied, the dis-
patches say.

(By Associated Press.)
German operations in and around
the Gulf of Riga are likely to be
extended this fall to the Gulf of Fin-
land on the route to Revel, Kronstadt
and Petrograd, in the opinion of Rus-
sian naval authorities. The lateness
of the season will localize the Ger-
man efforts, the minister of marine
believes.

The situation created by the Ien-
tonic move, however, is serious en-
ough for the Russians. With the
great naval preponderance of the Ger-
mans in the Baltic there seems to be
little to prevent them from making
the Gulf of Riga virtually a German
lake, and solidifying it into a strong
naval base, from which the military
operations could easily be pushed ad-
vantageously under propitious weath-
er conditions.

Virtually Unchanged.
The military situation on the var-
ious fronts in the western war arena
was virtually unchanged over night,
so far as the official statements re-
veal.

The German reports have come to
lay stress again upon the violence of
the artillery fire in Flanders, but
there are no indications that the
bombardment has yet been worked
up to the point where the British
and themselves ready for a renewal
of their drive.

Evidently much depends on the
weather in this region. In the light
of his last week's experience with the
handicap of the Flanders mud, it
seems probable that Field Marshal
Haig will await the settling of the
ground into a somewhat more pass-
able state, although the hope of secur-
ing ordinary conditions at this late
season of the year seem to be con-
sidered small.

TWO ESCAPE.
San Francisco, Oct. 16.—Two Ger-
man officers of seized German ves-
sels escaped from the detention camp
on Angel Island, in San Francisco
bay today, in a lifeboat. Police of
the bay city spread a dragnet to ap-
prehend the fugitives, whose names
were given as Captain Baruch and
Lieutenant Lorenzo Lau.

GET TWO SUBMARINES.
Paris, Oct. 16.—French warships de-
stroyed two Teuton submarines in the
western Mediterranean in the last
week of September, according to in-
formation received today by the
French ministry of marine.

DEVELOPING SUCCESS.
Petrograd, Oct. 16.—The German
landing force on the Russian island
of Oesel is developing its success,
the Russian war office announced to-
day, and the Teutons are being rein-
forced with additional troops.

The Germans have instituted an of-
fensive against Sorb peninsula in the
southwestern section of the island,
with the object of capturing Russian
batteries at Serel. These batteries
cover the entrance to the Gulf of Riga.

ATTACK ARSENAL.
London, Oct. 16.—British airmen in
their attack on Belgian towns caused
the destruction of an arsenal, in which
was quartered a newly arrived Ger-
man regiment, according to a dispatch
from Amsterdam, and was quoted
by a correspondent on the Dutch frontier.

CHINA TO JAIL
GERMANS FOR
PERIOD OF WAR

Subjects of Kaiser Busy Plotting
Among Chinese Against the
Entente

ASSIST PRISONERS TO
ESCAPE FROM SIBERIA

Peking, China, Oct. 16.—German
plots to promote internal trouble in
China are being disclosed almost
daily and the situation is so serious
that China undoubtedly will find it
necessary to intern many Germans
and Austrians, if not all of them be-
fore the end of the year. The allies
ministers are extremely uneasy over
the situation. China with its lack of
communication, offers a fine field for
German plots. For many years, Ger-
man agents have carried on com-
mercial undertakings in interior China.
Consequently they speak Chinese
fluently and have great influence with
the lower classes.

Through the German and Austrian
legations in Peking, these interior
agents have been supplied with
agents to stir up dissension. They
have aroused the Mohammedans in
western China by telling them this is
a religious war designed to eliminate
Turkey and Mohammedanism. Simi-
lar arguments have been used among
the Mohammedans in southwestern
China.

In Mongolia, the German and Aus-
trian agents enlisted many bandits
against the Peking government. In
Mongolia, they have been able to har-
ass the Trans-Siberian line by en-
terprising attacks.

War Has Cost World in
Money Alone 160 Billion;
53 Million Men Engaged

New York, Oct. 16.—The war is
costing belligerent nations \$160,000,000
a day—\$6,700,000 an hour—and the
United States is paying at least one-
quarter of this staggering sum, ac-
cording to estimates made here today
by the Mechanics and Metals National
bank of New York. The estimated
daily cost at the beginning of the war
was \$20,000,000 and a year ago it was
\$10,000,000. This country's rate of
expenditure is greater than any na-
tion, Great Britain being next, and
Germany next.

Cost 155 Billion.
By next August, according to the
bank figures, the total cost to the
world will be \$155,000,000,000. Already
expenditures have exceeded \$100,000,000,000,
of which all but a fraction
has been translated into permanent
debt. The total cost of the war, ac-
cording to the bank, is now calculated to be
more than 10 per cent of the normal
income of the German people, as

KANSAS CITY

HALF BURNED

One of Most Disastrous Fires in
History of the City Destroys

CATTLE FROM BURNING
FENS ROAM THE STREETS

Origin of Blaze Has Not Been
Determined by Of-
ficials

Kansas City, Mo., Oct. 16.—More
than one-half of the Kansas City stock
yards, the second largest in the world,
was destroyed early today by fire. It
was estimated after the fire had been
brought under control after raging for
two hours that several thousand
head of cattle had been destroyed.
Some estimates ran as high as 10,000.
There were 47,000 cattle in the yards
at the close of business yesterday. It
was said.

Third Fire.
Hundreds of cattle from the flaming
pens roamed through the downtown
sections of both Kansas Cities.

It was the third disastrous fire in
the history of the Kansas City stock
yards.—The blaze was discovered by
two patrolmen in Kansas City, Kan.,
and before they could summon appar-
atus the fire had become unmanage-
able.

Origin Undetermined.
The origin of the fire was undeter-
mined. By 7 o'clock the fire had been
completely extinguished. No definite
estimates as to the loss will be made
until the insurance adjusters have
taken a census of the number of cat-
tle burned since the fire was con-
fined to the cattle pens, which com-
prise a larger part of the yards. At
the discovery of the fire thousands of
cattle were liberated from the pens,
and the streets of Kansas City were
filled with pushing panic-stricken
herds. These animals, many of which
wandered many distances from the
fire, are being corralled by their own-
ers, who are finding difficulty in find-
ing their property, as a large per-
centage of cattle are from farm herds
and carry no identifying brands.

WHEAT BANDIT BEATS
IT OVER PRISON WALL

Fred McLaughlin, Returned to
Pen for Forgery, Doesn't
Linger Long

Fred McLaughlin, who soon after
the completion of a 10-months sen-
tence for stealing wheat from Matt
Cloonan's farm near this city, was con-
victed of forgery in Mountrail county
and returned to the state penitentiary,
Sunday night stepped over the prison
wall and beat it to liberty, life and
pursuit of happiness. McLaughlin was
a good worker inside the penitentiary,
and he lopped two months from the
year's sentence Judge Nussle gave
him about 12 months ago. He had
been out only a short time, however,
when he got in bad in Mountrail coun-
ty, and he came back to the state pri-
son, where he was busy at work
when last seen Sunday night.

53 Million Men Engaged.
About fifty-three million men are
engaged in the war today. To what
extent the entente allies have gained
superiority over Germany is shown by
the bank in striking fashion.

With no more than 2,000,000 of
American manhood enlisted, the total
military strength of the allies is 32,
000,000 against a total for Germany,
Austria, Hungary, Bulgaria and Tur-
key of 23,000,000. The population of
the entente allies, from which the
ranks of the armies may be replen-
ished, is all together 1,300,000,000
against a population of less than
150,000,000 in the central European
nations.

LA FOLLETTE
ASKS LIST

Wants Accusations Laid Before
Him and Accusers Summoned

CHALLENGES COMMITTEE
TO POINT OUT ERRORS

Declares Everything He Said in
St. Paul Address Was the
Truth

Washington, D. C., Oct. 16.—When
the senate committee, investigating
Senator La Follette's much discussed
St. Paul speech, began its first hear-
ing today, Senator La Follette pre-
sented a formal demand that the com-
mittee submit a formal copy of the
charges against him and that he be
permitted to summon and cross ex-
amine witnesses. This delayed the
start of the proceeding, as the com-
mittee went into executive session to
consider the demand.

Senator La Follette presented his
demand in a letter which declared
every statement in his St. Paul speech
was correct. The committee has said
it does not question the accuracy of
his speech and Senator La Follette de-
mands to know who does.

"I appear here to submit in the
form of a letter all the statements I
deem necessary to make at this time,"
he said.

"You say in your letter," wrote Sen-
ator La Follette, "that the question
and the only question you are now
considering, since I have furnished you
with a copy of the speech is 'the ac-
curacy' of the statements contained
in the speech."

Score of Statements.
"The speech contains scores of
statements relating to a variety of
subjects. You say the committee has
challenged the accuracy of no state-
ment in the speech. Then I must be
entitled to know who has challenged
the accuracy of any statements in the
speech before another step is taken
in this proceeding."

"The resolution of the Minnesota
commission of public safety, upon
which you assert you are acting, does
not challenge the accuracy of any
statements made in the speech. If
any statement has been so challenged
by any one, I now request you to
advise me by whom it has been chal-
lenged and upon what evidence."

Protests Against Procedure.
"If there is any truth in the news-
paper reports that your committee
expects to accept mere statements of
individuals as a basis for any report
of the committee, or as a basis for
any action by you, I protest against
such ex-parte proceeding, or any other
ex-parte proceeding in this investi-
gation. I demand that those state-
ments be submitted to me or that I
be given an opportunity at a suitable
time and place to examine them and
have a full opportunity to file state-
ments in reply, if I desire to do so."

Violation of Rights.
"But I assert such a course on the
part of the sub-committee is in viola-
tion of the well established right ac-
cording to every man whose words or
acts are the subject of investigation
by anybody or tribunal, and I insist
upon my right to meet face to face
and question any witnesses that may
be called to challenge the correctness
of my statement made by me and
thereafter, and not before, to produce
in my own defense such witnesses
and evidence as I deem necessary or
proper to controvert all such adverse
evidence as may have been offered."

"I repeat what I have already said
in my previous letters addressed to
your committee, that I am most
anxious and desirous that the investi-
gation be made thorough and complete
to the end that it shall do justice to
all participants and shall constitute
an honorable precedence whenever so
grave a matter as the proposed ex-
pulsion of one of its members shall
come before the United States sen-
ate."

These brave soldiers—OUR BOYS IN FRANCE—must eat to live and
fight. They need food, much of it.
It costs money to get this food and to transport it to their camps in

borhood—must not starve.
Uncle Sam will take good care that they don't if he has the money.

Why You Should Buy a Bond
By a Jurist

Editor's Note: The first of three sets of arguments why
every person in Bismarck who can should own at least one Liberty
bond. This one was written by a prominent jurist of the state.

"We have got them on the run and we must keep them running, but to
keep them running means constant pounding and an enormous amount of
ammunition, guns and supplies. The Italians have fought the most diffi-
cult part of their campaign. They have crossed the mountains, and can
break through to Vienna as well as Trieste, if only they have the sup-
plies."

"If we would save millions of lives we must spend millions of dollars
in preparation, for the heavier the artillery and the stronger the force
the less the resistance. Russia is looking to us. She looks upon us as
the great republic. If she enters heartily into the war it will speedily
end it. She looks to us for guidance. If we falter she will falter. If
we don't think it worth while she won't think it worth while. Nothing
would show our faith more than to subscribe the bond issue twice over.
This would not only be true in regard to Russia but in regard to all the
wavering allies and neutrals everywhere. It is the best antidote to La
Follette and Gronna that I know of."

The First National Bank has adopt-

of its staff who have joined the colors.
An artistic brochure has been pre-

it are the names of the following
men:

Edward A. Baskerville, F. J. John-
son, George P. Little, Glenn A. Peck,
Eugene Wachter, Lewis P. Warren,
Mr. Wachter and Mr. Warren until
shortly before the call were members
of the First National bank staff and
their names are included in the roll

GOVERNMENT DEFENDS
NEW GRADING ACT

Washington, Oct. 16.—A large part
of this year's wheat crop has graded
high at the market—No. 2 or better—
under the federal wheat standard
made effective this year, the depart-
ment of agriculture announced. False
rumors have been circulated in the
grain trade, particularly among the
country shippers, says the department,
that under the new federal standard
for wheat very little of the marketed
crop is being or has been placed in
the higher grades. On the contrary,
it says, the requirements of the fed-
eral standard for wheat are not such
as to work hardships on the country
shippers and producers, for under
these standards, high grades have
been given to a heavy percentage of
the wheat marketed.

CABINET CRISIS
AWAITS KAISER'S
RETURN TO BERLIN

Copenhagen, Oct. 16.—No steps in
the ministerial crisis and no action on
the resignation of Admiral von Cap-
pelle, the minister of marine, are ex-
pected by the German newspapers un-
til Emperor William returns to Ber-
lin from his Balkan trip. Dr. Mich-
aelis, the chancellor, has left the cap-
ital to study conditions in the oc-
cupied districts of Russia, as if nothing
was more remote from his mind than
the thought of retirement.

Demand for the dismissal of Mich-
aelis was the leading theme at the
opening session Sunday on the social-
ist convention at Wursburg, Bavaria,
at which Philipp Scheidemann, the
majority socialist leader in the reich-
stag was speaker. F. Ebert, a social-
ist member, assailed those members
of the party, who attempted to pro-
long the war. He also declared that
the advocates of the so-called Ger-
man peace were working in their own
pecuniary interest, and not for the
fatherland. Herr Scheidemann said
that the war profiteers were investing
millions of marks in the German
press, which accounted for the in-
creasing number of newspapers at-
tacking the advocates of a moderate
peace.

The convention was far less impos-
ing in size than the peace time con-
vention. Foreign delegations were
missing and there were barely 300
German delegates, owing to the de-
crease in party membership through
the defection of the Independent so-
cialists and the absence of hundreds
of thousands of socialists at the front.

IOWA VOTES FOR

Des Moines, Ia., Oct. 16.—With com-
plete returns from 46 of the 59 coun-
ties and but 722 precincts out of a
total of 2,774 missing, indications to-
day are that constitutional prohibi-
tion, for adding the manufacture and
sale of intoxicating liquors to the
state constitution, was adopted at yester-
day's special election by a ma-
jority of 5,000 to 3,000.

Washington, Oct. 16.—Treasury
officials declared today that
"unless all signs fail," the Liberty
loan will have reached its first
one billion dollars in subscrip-
tions by tonight.

The government's latest offer
of certificates of indebtedness
\$300,000,000, at 4 per cent has
been heavily oversubscribed.

Forgetting the clock and not stop-
ping to total all reports of sales, the
Bismarck committee took their coats
off again today and started another
intense drive on Liberty Bond sales.
Some interesting figures will be an-
nounced as soon as every one who
wants to buy a bond has been seen.

"I own a Liberty

boast last evening of
a number of Bismarck
citizens. Too
much praise cannot

terests and worked

NOT OLD ENOUGH TO
FIGHT; CAN ENLIST
"DADDIES' DOLLARS"

Bismarck's liberty loan commit-
tees were at lunch today when
Robert George, Kenneth Treacy
and David Cook of Scout Troop
No. 3, in the full uniform of the
Boy Scouts, marched in, and Da-
vid Cook, as spokesman, handed
to Chairman H. P. Goddard signed
applications for \$1,450 worth of
Liberty bonds, procured by the
Scout troop members of the Bis-
marck Tribune force.

"We're not old enough to fight,
but we're not too young to enlist
our daddy's dollars," said Scout
Cook in a modest presentation ad-
dress.

"Mr. Chairman," said Scout
Cook, I wish to present to you 22
applications secured from em-
ployees of the Bismarck Tribune
Co. through troop No. 3, Boy
Scouts of America."

"Gentlemen," said Chairman
Goddard, addressing fellow mem-
bers of the committee, "I wish to
present to you some boys who will
take their places in the big affairs
of this state and nation in the
years to come."

Every member of The Tribune
staff put his dollars on the firing
line, and as a result the Boy
Scouts of Troop No. 3, many of
whom are Tribune carriers or
salesmen, have an excellent start
in their race to retain first place
among the Scout Liberty loan cam-
paigners which they won in the
sale of the first issue of bonds,
when two members of this troop
disposed of 24 bonds.

Business men are getting the spir-
it and informing their employees that
it they wish to subscribe, they will
handle the payments retaining a por-
tion of their wages each week. This
method is bringing out the small bond
holder, the man and the woman who
is unaccustomed to purchasing bonds
and the very men and women the gov-
ernment desires to hold these securi-
ties.

itors this morning when they called

paign for the second Liberty loan

him their signed applications for
\$700 worth of bonds.
"These men are making a real
sacrifice—I don't know where they
are going to scrape up the money
to pay for these bonds. It means
depriving themselves of some-
thing, and I call that real patri-
otism," said Mr. Hall. In due season,
he set on foot a movement which

Des Moines, Ia., Oct. 16.—Iowa voters went to the polls today to decide the issue of constitutional prohibition. KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feed liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Moore formerly district superintendent of this district, who asked to be released from active service, will remain in the city for some time. He has not decided as to his future.

Washington, D. C., Oct. 16.—The war's effect on milk will be one of the leading topics for discussion at the sixth annual convention of the International Association of Dairy and Milk Inspectors, which opened here yesterday and which will continue through Wednesday. advance in pay for years past, in spite of the fact that living expenses have advanced 50 per cent. At the close of the state house mass meeting held in the house chamber this afternoon \$7,000 of the \$10,000 minimum, which Secretary of State Hall has set, had been subscribed.

A People's War
It is a war for the whole people and the government wants the whole nation to participate in this loan. Yesterday noon at the Grand Pacific, the team members were enthusiastic over the results. Citizens of Bismarck are meeting the emergency in a patriotic way. Some who have not the ready money are borrowing from banks. They want to do their share. Many of them cannot fight themselves but they insist upon sending their dollars to the front. They do not believe in being more tender with their cash than with their boys who have already gone to the front in large numbers.

Liberty Bond team members met this noon at the McKenzie hotel and during the luncheon hour discussed the progress of the campaign. Watch the Tribune for the results of the big campaign.

All the committee authorizes now is the announcement that the response has been gratifying and reflects the sterling Americanism of Burleigh county.

TO GO 3,000,000 OVER
"If North Dakota keeps up its pace we will go \$3,000,000 beyond our quota for the Second Liberty loan," said state headquarters today. Secretary F. W. McKelvey of the Fargo city committee today estimated that by noon subscriptions had total-

ed \$300,000.

Rheumatism
A Home Cure by One Who Had It
In the spring of 1893 I was attacked by Malarial and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted, and even bedridden with Rheumatism, and it effected a cure in every case.
I want every sufferer from any form of rheumatic trouble to try this marvellous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that longlooked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

LEMON JUICE IS

SKIN BEAUTIFIER,

ALSO A WHITENER

Many women use just the juice of

lemons to bleach or whiten the skin.

pure lemon juice is acid therefore

irritating and should be mixed with

ordeal white.

At the cost of a small jar of ordi-

nary cold cream one can prepare a

full quart of the most wonder-

ful lemon skin softener and complex-

ion beautifier. Squeezing the juice

of one fresh lemon into a bottle con-

taining three ounces of ordeal white

Care should be taken to strain the

juice through a fine cloth so no lemon

pulp goes in, then this lotion will keep

fresh for months. Every woman knows

that lemon juice is used to bleach and

remove such blemishes as freckles,

sallowness and tan, and is the ideal

skin softener, smoothening and beau-

tifier.

Just try it! Get three ounces of

ordeal white at any pharmacy and

two lemons from the grocery store. Or

use a quart of this sweetly fragrant

lemon lotion and massage it

daily into the face, neck, arms and

hands. It should naturally help to

bring back to any skin the whiteness

the sweet freshness and flexibility of

which it has been robbed by careless-

ness or trying atmospheric conditions.

BIG VALUES—LITTLE MONEY.

By reading Johnson's Sale advertisement appearing on the last page of today's Tribune you will readily note that the bargains offered are worth the price paid for them. The bargain basement offers values that would be hard to duplicate in the larger cities—blue that make shopping a pleasure for all—values that are worth securing. Yes, and they want five extra salesladies to wait on trade.

ASTHMA SUFFERER

MRS. TAYLOR RECEIVES WORD OF BROTHER'S DEATH

Mrs. Conrad B. Taylor of Fourth street received word Monday of the death of her youngest son, Gordon Foster of London, England, who was killed in action in the battle of the Ypres on July 31 of this year.

From an official report received in August his name was among the wounded and no word of his death was received by his parents in London until last week when the news was communicated to them by a friend of their son. The young man was injured too and lay in a hospital for weeks unable to communicate the sad news to his parents. He was finally located.

Mr. Foster was attached to the Royal Welsh Fusiliers. He was wounded while going over the top during the famous battle of the Ypres. He died shortly afterwards and was buried in the field cemetery.

Mrs. Taylor has many friends in this city who extend their sympathy in her bereavement. Another brother is serving his country in government service in London.

Camps to Which Supplies Have Gone Now Filled

North Dakota donors of books and magazines for war libraries are asked by Purcell B. Wright to neglect camps, Doniphan and Huston which already are now well supplied and give some thought to the needs of southern camps, which have fared less well. He urges that literature designed for camp libraries be shipped to the Indian Library, Louis George Branch at Kansas City, Mo., whence it will be re-routed to the camps where most needed. Mr. Wright director of the southern division of the library war council addresses his request to Mrs. M. C. Padgett, secretary of the North Dakota public library commission and library war council chairman for this state.

cook for a quarter of an hour. Butter a pudding dish, stir in the eggs into the cooled mixture, add the extract and sugar. Turn into the dish and bake until a delicate brown. Grate a little nutmeg over the top when serving.

Spaghetti and Fruit Pudding.—Take a quarter of a pound of boiled spaghetti, cut in half-inch pieces; a pint of stewed fruit or preserves, and a teaspoonful of vanilla. Place a layer of the fruit in a glass dish, then a layer of spaghetti until all is used, having the spaghetti for the top layer. Pour over a custard, made of the yolks of two eggs, a pint of milk and three tablespoonfuls of sugar, bake ten minutes, or until the custard is set, cover with a meringue, using the whites of the eggs and two tablespoonfuls of sugar with a little vanilla. Brown in the oven.

Spaghetti Timbales.—Boil a quarter of a pound of spaghetti in boiling salted water. Do not break it, but slide it gradually into the pan, holding it in the hands until it softens. Boil until tender but do not lose its shape, then drain and blanch in cold water and spread it out at full length to cool. Butter some small molds well and line them with the spaghetti, beginning at the middle of the bottom and coiling the spaghetti up the sides. Fill the centers with any desired fruit and nut mixture, cover with buttered paper and steam for half an hour. Turn out and serve with tomato sauce.

Macaroni cooked and served hot with grated cheese makes a most acceptable dish to serve as a vegetable.

CITY DIRECTS PAVING AROUND CIVIC CENTER

Requests That Ford Company
Complete Work About Court
House This Fall

BIG DISTRICT READY FOR WORK IN SPRING

Petitions Received Asking Im-
provement of 77 Blocks in
Residence District

Rejecting new bids of the Ford Paving Co. for the paving of four blocks surrounding the county building, the city commission last evening unanimously adopted a resolution directing the paving company to improve these streets under the terms of its original contract. In conformity with the remainder of the Second district, in which this territory originally was included.

For technical reasons, the commission had considered making of these four blocks a special district, instead of including it with the original district, as the terms of the contract, permitting a fifteen per cent increase in the amount of work, warrant its doing. The terms submitted by the paving company for this additional work were somewhat higher than the contract made last fall, and for this reason the commission last evening avoided itself of the prerogative retained in awarding the contract, and whose constitutionality has been upheld by the supreme court of North Dakota.

The commission's resolutions direct that this work be completed this fall if possible. Petitions received last evening from the Bismarck special school district, the McElaine M. E. church, Bismarck hospital, Judge Luther E. Hitzel, Dr. E. P. Quinn, representing all of the frontage abutting on the outside of this square asked that the improvement be made; that asphalt be used and that the work be included in the city's contract with the Ford Co.

Rev. William Suckow, representing the Bismarck Evangelical hospital, addressed the commission on the importance of having this work done this fall. Otherwise, he declared, the hospital will be inconvenienced during the early spring months next year by having a mudhole at its door. Attorney Frank P. Allen, appearing for the county commission, advised the board that that body took the stand that a special district should not be created, but that the work should be included in the original contract under the 15 per cent extension clause. A set of resolutions adopted by the county commission at its last meeting, relating to this effect, was received and filed by the city board.

To Create Third District.
Upon the receipt of petitions from property holders representing a majority of the frontage on 77 blocks of street in the residence district, the commission last evening adopted a resolution directing the city engineer and city attorney to take the necessary steps to create a third paving district; upon which bids will be asked this fall, in order that work may begin early in the spring.

This new district, second in size only to District No. 2, includes Main, Broadway, Thayer and Rosser, from the end of District No. 2 to the limit of the built-up residence district on the west. First, Mandan and Washington avenue from Main street to Avenue A; East Park street and West Park street through Custer park; Hannafin, from Broadway to Rosser; cross-street connections between Avenues B and C on Raymond, Washington and Mandan avenues and First street; Second street, from Avenue B to D; Avenue C, from Second to Third; Ninth, from B to C; C, from 7th to 9th; 8th, from B to D; 7th from D to the Boulevard; and Avenues E and F, from 8th to 7th street.

The petitioners include Louis H. Cautel, A. W. Gussner, F. E. Byrne, E. A. Hughes, E. H. L. Vesperman, W. P. Lomas, C. A. Burton, Bishop Vincent Wehrle, F. B. Strauss, International Harvester Co., Mary L. McLean, C. N. Kirk, O. W. Roberts, T. R. Atkinson, O. N. Dunham, H. P. Goddard, M. F. Goddard, W. L. Nussle, Gottfried Kikul, Paul Brown, G. J. Keenan, J. W. McLaughlin, Mrs. L. M. O. Tucker, J. K. Doran, R. H. Thistlethwaite, F. A. Lahr.

By resolution the commission directed the Northern Pacific to install a watchman at the Ninth street crossing. F. B. Allen appeared on behalf of moving picture operators asking that their annual license fee be reduced from \$150 to the old figure of \$50. City weighmaster Wakeman reported some dealers in coal and other merchandise were ignoring the city scales. The Oscar H. Vail Co. agreed to the opening of an alley between Fourth and Third and Thayer and Rosser, providing its paving and grade are not disturbed.
